#### **Numbering Claims -- Corrected**

Claims 32-49 (previously shown as claims 29-46) were objected to under 37 CFR 1.75(d)(1), wherein the numbering of the claims was incorrect. Applicant would like to apologize to the Examiner for the Examiner's inconvenience and confusion. The numbering is corrected. The claim number of the independent claim referred in each dependent claim is also corrected accordingly.

#### **Grammatical Error -- Corrected**

Claims 32-49 (previously shown as claims 29-46) were also objected to under 37 CFR 1.75(d)(1) due to the phrase "one or more of arm joint wrinkles". The grammatical error is corrected by amending to the phrase "one or more arm joint wrinkles".

#### **Indefinite Expression -- Corrected**

Claims 32 (previously 29) and 34 (previously 31) were rejected under 35 U.S.C.

## DRAFT

112, 2nd paragraph since the phrase “said wrinkle of a second length” lacked antecedent basis. The phrase is corrected to “a wrinkle of a second length”.

### **Conclusion**

For all of the above reasons, applicant submits that the claims all define patentably over the prior art. Therefore, applicant submits that this application is now in condition for allowance, which action applicant respectfully solicits.

### **Conditional Request Constructive Assistance**

Applicant has amended the claims so that they are proper, definite, and define novel structure which is also unobvious. If, for any reason this application is not believed to be in full condition for allowance, applicant respectfully requests the constructive assistance and suggestions of the Examiner pursuant to M.P.E.P. § 2173.02 and § 707.07(j) in order that applicant can place this application in allowable condition as soon as possible and without the need for further proceedings.

### **Misc.**

Applicant has no intent to limit the scope of the claims presented in this amendment by the previous amendment(s) (if any) submitted by applicant.

Applicant has no intent to surrender any equivalent of any element included in the claims by any amendment, whether previously or subsequently submitted, of the claims unless expressly and unambiguously stated otherwise in the amendment.
